Albena, Bulgaria

DISCLAIMER

All SWS ISCSS Conference papers have been subjected to a blind review process performed by three international scientists before acceptance – organized by electronic Abstract and Manuscript Management System (AMMS) that secures details of anonymous uploading and review process.

The review process is performed by members of the SWS International Review Committee and is controlled by the SWS International Scientific Committee. Its main purpose is to evaluate the validity, quality and originality of the articles sent for publication, as well as to support the integrity of science by filtering out invalid writings or writings of poor quality.

Authors are responsible for the content and accuracy of the written papers. Opinions expressed not meant to represent or reflect the position of the SWS International Scientific Committee members.

No part of this book may be reproduced or transmitted in any form or by any means, electronic or mechanical, for any purpose, without the express written permission of the SWS International Scientific Committee.
